# Proposed Host City 1: Larnaca

# Proposed Host City 2: Limassol

# International Accessibility

## Visa Information

Cyprus is an EU member state (not Schengen) and member of the Commonwealth. It has an extensive network of embassies and consulates all over the world; thus acquiring a visa is a fairly quick and easy process.

## More than 80 airlines have regular flights to and from Cyprus, including:

Cyprus Airways (CY), Lufthansa (LH), British Airways (BA), Austrian Airlines (AU), Emirates (EK), Alitalia (AZ), Easy Jet (EZY), Aegean Airlines (AEGN), etc.

## Airports

**Larnaca International Airport (LCA)** – the island's main airport, 10 minutes from Larnaca town

**Paphos International Airport (PFO)** – 10 minutes from Paphos town

## Special Air Fares

Austrian Airlines will offer a 15% discount to delegates on all applicable fares, valid for flights to Larnaca via Vienna on OS operated flights.

# Getting Around

Distances in Cyprus are relatively small, making transportation from one place to another a trivial issue. There are however a few things you should know in order to take advantage of both public and private transportation options.

Most visitors explore Cyprus via rental car, taxi, or bus. Cypriots drive on the left and vehicles are right-hand drive. The roads throughout the island are in good condition, and signposting is very clear.

## PUBLIC BUS

Cyprus has an extensive public bus network, both inner-city and intercity. For more details please visit [www.cyprusbybus.com](http://www.cyprusbybus.com) to find information about buses, routes and bus time tables for all over Cyprus.

## TAXI

Taxi service is available on **24/7** basis from both airports as well as in all hotels in Cyprus. Service is quite good, but at times one may have to wait and prices may vary depending on the carrier.

## CAR

Participants may opt to hire a car during their stay, and thus use it for their airport transfers. Cars may be reserved through the conference coordinator, Easy Conferences at special conference rates and are bookable online through [www.easyconferences.org](http://www.easyconferences.org).

## BICYCLE

Cycling is healthy, environmentally sound and fun way of travelling. In all Cyprus cities there are urban bicycle paths, as well as boulevards that incorporate bike lanes.

# Sights & Attractions

Cyprus Archaeological Museum, Nicosia

Akamas Region, Paphos

Larnaca Salt Lake, Larnaca

Apollo Hylates, Limassol
